<p>Go for an alphabet hunt around your home! Look for items that have each letter of the alphabet on them. In your journal, draw a picture of 5 items that you found. Be sure to include the letter that was on each one.</p>	<p>Make a list of words that rhyme with FUN. Then, make a list of words that rhyme with DOG. Try to think of at least 5 words for each one. Which word did you find more rhyming words for?</p>	<p>Draw a picture of 10 items you have in your home. Count the number of syllables in each word. Write the number beside each drawing.</p>	<p>Using finger puppets, act out your favourite book to a family member. Ask them questions afterwards about who the characters are and what they are doing.</p>
<p>Write your name on a piece of paper. Cut out each letter and see how many words you can make. Write them down in your journal. Can you make at least 5 words?</p>	<p>Make a how-to video explaining how to hold a book and how to turn its pages correctly. Be sure to start the video by naming the parts of a book for those who might not know.</p>	<p>Open up the refrigerator and name all of the fruits and vegetables that are inside. In your journal, draw and label the fruits on the left side of the page and vegetables on the right side.</p>	<p>Make a list of words that have -AT in them, e.g. SAT and PAT. Be sure and try each letter in the alphabet when making your words!</p>
<p>Draw a picture of your favourite animal. Write about why you like it.</p>	<p>Invent a monster. Draw a picture of what the new monster will look like. Describe its features and where it will live.</p>	<p>Walk around your home and find an item that is: bumpy, soft, smooth, hard, cold, scratchy, rough, and slimy. Draw a picture of each item and write the texture that describes it.</p>	<p>Think of your favorite picture book. Draw a picture of the setting. Be sure your drawing completely describes when and where the story takes place. Write the title of the book at the top of the page.</p>

MATHS

Foundation

<p>Grab a handful of objects, e.g. coins, beads, marbles, cereal, etc. Guess how many there are. Are you close to your guess? Write down your guess and the actual number. Repeat 10 times.</p>	<p>Draw a picture that includes 2 circles, 3 triangles, 5 rectangles, and 1 square. Show a family member and see if they can find all of the shapes.</p>	<p>Toss 10 coins into the air. Make a tally chart showing how many landed on heads and how many landed on tails. Use the data to create a picture graph.</p>	<p>Grab 10 objects, e.g. coins, dried beans, beads, or marbles. Using these items, find 5 different ways to make 10. Draw a picture showing each way.</p>
<p>Look for numbers inside and outside of your home. Find 5 places you see a number. Draw a picture showing where you found each one. Be sure to include the number in your picture.</p>	<p>Draw and label a picture of your family in order from tallest to shortest.</p>	<p>How many times can you bounce a ball in one minute? Have a family member time you. Be sure and count out loud. Do it again and try to beat that number.</p>	<p>Look out the window or go outside. Set a timer for 5 minutes. Count the number of birds you see. Make a tally chart so you don't lose count. How many birds did you see? Is your number more than 20?</p>
<p>Count all of the doors in your home. Count all of the windows in your home. In your journal, compare these two numbers using comparative language, e.g. is more than, is less than, is equal to.</p>	<p>Find some small objects, e.g. dried beans, beads, cereal, etc. Using the objects, create a square, circle, triangle, and rectangle. Count the number of objects it took to make each shape. Which one took more?</p>	<p>Go on a 3D object hunt around your home! Find an item that is a cylinder, a sphere, a cone, and a cube. Draw and label each one in your journal.</p>	<p>Go outside and stand at your door. With each step you take, count backwards from 30. Where do you end up when you say 0? Draw a picture in your journal showing the path you took.</p>

OTHER AREAS Foundation

<p>Look outside your window or go outside. Draw a picture of 5 living things that you see.</p>	<p>Sit down crisscross on the floor. Listen to a picture book online. Each time you hear the word 'the', stand up, jump 3 times, and sit back down.</p>	<p>In your journal, draw a picture of something that makes you happy. It can be a person, an object, or even an experience!</p>	<p>With a family member, practice saying the National Anthem.</p>
<p>Spend some time colouring the frog colouring sheet.</p>	<p>Have a dance party! Put on your favourite song, turn off the lights, and make up a dance for the entire song.</p>	<p>Build a fort with blankets, pillows, and sturdy furniture. Pretend you are the king of your own kingdom and this is your palace.</p>	<p>Colour and cut out the jellyfish. Fold. Tape or staple around the jellyfish, leaving the bottom open. Stuff paper inside. Use streamers or coloured paper as the tentacles.</p>
<p>Make a paper bag pirate puppet using a small paper bag and the pirate templates. Put on a show for your family using your new pirate puppet.</p>	<p>Make a cereal necklace with string and cereal. Count the number of pieces you put on your necklace. Have an adult tie it around your neck and have a snack whenever you'd like!</p>	<p>Go outside and collect 15 rocks. Sort the rocks by: colour, size, texture, and shape. Choose one way you sorted and draw a picture of it in your journal.</p>	<p>Have a family member read the information about your country's flag. Then, colour the flag in the correct order.</p>

Awesome Animal Puppets

Print these cute, colourful puppets on card, cut them out and attach them to craft sticks. Alternatively, print on paper and use the attached paper strip to create finger puppets. Students can use them for creative play, drama or as visual cues for narrative texts, poetry and plays.

PAPER BAG PIRATES

Use these templates to create your own paper bag pirate puppet.

The Australian Flag

Union Jack - symbolises our historic link to the British Empire.

Commonwealth Star - six points of the Star represent the six original states of Australia, while the seventh point represents the territories and any other future states.

Southern Cross - is one of the most distinctive constellations visible in the Southern Hemisphere, and has been used to represent Australia since the early days of British settlement.
