

Gifts, Benefits and Hospitality Policy

Help for non-English speakers

If you need help to understand the information in this policy please contact our office reception staff.

- The Department's [Gifts, Benefits and Hospitality Policy](#) applies to all Victorian government schools, school based staff and school council members.
- Schools do not need to develop local policies in relation to gifts, benefits and hospitality. However, if a school wishes to adopt a policy approach that differs from the Department's, to reflect their local circumstances, schools may establish their own policy provided that it is stricter than the Department's [Gifts, Benefits and Hospitality Policy](#). To the extent that the local school policy is inconsistent with the Department's policy, the Department's [Gifts, Benefits and Hospitality Policy](#) prevails.
